Manual

MX suction cup

Mounting instructions of support and fitting

The MX suction cup family

The MX suction cup family is designed for lower vacuum levels and flows. The super-thin lip seals well on many different types of objects, thereby ensuring a safe picking and lifting.

Use recommended vacuum levels for the cup (20 to 60 -kPa) for maximum performance, throughput and energy saving.

Ordering information

Suction cup	Item no. suction cup excl. support and fitting
MX35P	0230369
MX42P	0231424
MX50P	0230370
MX57P	0231425
MX65P	0230371
